RUMORED SCARLET FEVER.

Acting Mayor Hughes was yesterday notified that a case of scarlet fever had been discovered in the home of Mrs. C. T. Clark, near the opera house. He at once notified Sanitary Officer Dr. Broderick, and the case is being investigated with a view, if the report proves correct, of isolating the house. It is reported that a case of necrotic in the family of Thomas Wright, in Brewery Gulch. Two of the older Wright children were reported as playing with other children while one of their household is down with scarlet fever. This case is also being looked into, and if it is proved to be connected with the other case, the city council will be called into session. The city council has been advised, and the city fathers have agreed with the owners that the clock is a public utility, and the expense of running it should be borne by the city. In view of the fact that the city has been furnishing the light for the clock tower, the added expense of keeping it wound is merely nominal.

The town clock in Pythian Castle is telling off the hours once more. The difference of opinion between the owners of the building and the city council has been adjusted, and the city fathers have agreed with the owners that the clock is a public utility, and the expense of running it should be borne by the city. In view of the fact that the city has been furnishing the light for the clock tower, the added expense of keeping it wound is merely nominal.

A number of Bisbee drillers left yesterday for the Territorial Fair. The day set for the drilling match is Thursday, the 15th. In the party which left yesterday were Page brothers, Bob Lyons and L. They ought to come home with the money.

IMPRISONMENT.

Immigration Inspector Cook arrived in the city yesterday with a contraband Chinese whom he found skulking about the prairie in the vicinity of Naco a few days ago. The chink had no certificate and was brought before U. S. Commissioner Owen P. Murphy yesterday. Pending the arrival of an interpreter he was committed to the branch county jail. He claims to have wandered to this side of the line without knowing that he was in Uncle Sam's domain, but several days rations which he carried with him did not lead sufficient force to his explanation to satisfy Cook, hence his incarceration on a charge of being illegally in this country.

SPUD SHORTAGE RELIEVED.

After having gone through the throes of a threatened spud famine, Bisbee is again in the column of supplied. Three carloads of the delicious tuber reached the city Saturday evening, enough to forestall a famine till a larger shipment reaches here which should be not later than the middle of the present week. The shortage was due to delay in delivery occasioned by severe storms in the Rockies which blocked traffic.

He pleaded guilty to the charge as read by the court and was fined \$30 and given till evening to dig up the money. Judging from the energy shown by McGowan in getting out after the coin he either has it by now or is so far from the local tribunal that he will prove hard to catch.
